APPLICATION FOR A BUILDING PERMIT

IMPORTANT NOTICES: READ BEFORE SIGNING

1. Work conducted pursuant to a building permit must be visually inspected by the Code Enforcement Office and must conform to the New York State Uniform Fire Prevention and Building Code, the Code of Ordinances of the Town of Pittstown and all other applicable codes, rules or regulations.
2. It is the owner’s responsibility to contact the Code Enforcement Office at 753-4222 (Monday-Thursday 9am to 11am) at least 24 hours before the owner wishes to have an inspection conducted. More than one inspection may be necessary. This is especially true for “internal work” which will eventually be covered from visual inspection by additional work (i.e. electrical work later to be covered by a wall) **DO NOT PROCEED TO THE NEXT STEP OF CONSTRUCTION IF SUCH “INTERNAL WORK” HAS NOT BEEN INSPECTED.** Otherwise, work may need to be removed at the owner’s or contractor’s expense to conduct the interior inspection. Close coordination with the Code Enforcement Office will greatly reduce this possibility.
3. **OWNER HEREBY AGREES TO ALLOW THE CODE ENFORCEMENT OFFICE TO INSPECT THE SUFFICIENCY OF THE WORK BEING DONE PURSUANT TO THIS PERMIT. PROVIDED HOWEVER, THAT SUCH INSPECTION(S) IS (ARE) LIMITED TO THE WORK BEING CONDUCTED PURSUANT TO THIS PERMIT AND ANY OTHER NON WORK-RELATED VIOLATIONS WHICH ARE READILLY DISCERNIBLE FROM SUCH INSPECTION(S).**
4. New York State law requires contractors to maintain Worker’s Compensation and Disability Insurance for their employees. No permit will be issued unless currently valid Worker’s Compensation and Disability Insurance certificates are attached to this application or are on file with the Bureau of Fire Prevention and Inspection Services. If the contractor believes he/she is exempt from the requirements to provide Worker’s Compensation and/or Disability Benefits, the contractor must complete form C-105.21, attached hereto.
5. If a Certificate of Occupancy is required, the structure shall not be occupied until said certificate has been issued.
6. Work undertaken pursuant to this permit is conditioned upon the subject to any state and federal regulations relating to asbestos material.
7. This permit does not include any privilege of encroachment in, over, under the street nearest to the site of the work being conducted.
8. The building permit card must be displayed so as to be visible from the street nearest to the site of the work being conducted.

I _____ the above-named applicant, hereby attest that I am the lawful owner of the property described within or am the lawful agent of said owner and affirm under the penalty of perjury that any statements made by me on this application are true.
