

**PITTSSTOWN VOLUNTEER  
EMERGENCY CORPS**  
...would like to talk to you.

Want to make a difference?

Earn free College Credit?

Gain experience in emergency  
medical care?

We will sponsor members who make a service commitment in a New York State EMT program. We even reimburse the cost of your book upon successful completion.

Questions? Leave a Message for our captain Sue Nerney at 331-7602, or for a quicker reply please email her directly at: [SueNerney@aol.com](mailto:SueNerney@aol.com)

Some area colleges currently offer up to 7 elective learning credits to students who have earned their licenses as EMT's in NY. Please discuss this with your advisor to make sure it applies to your specific program and college.

Local professional ambulance companies employ EMT's for both full and part-time employment in our area.

**Who we are:**

PVEC is a small volunteer ambulance organization just off route 7 in Pittstown, NY.

We serve the community by providing emergency care and transportation for the people in our area. You do not have to live here to help!

No experience or training required, just a genuine desire to help.

Join our team of EMT's, ambulance attendants and drivers (must be 21 years old to drive), and make a real difference in people's lives.

To apply for membership go to [www.pittstownAmbulance.org](http://www.pittstownAmbulance.org) and follow the links to the application. The application can then be mailed in and our membership committee will contact you to discuss membership.

Volunteers who live outside of the Pittstown Ambulance District will be asked to stay in our squad house during their "On-Call" shifts. The squad house is fully secure with coded only entry, has a fully equipped kitchen, a small "ready room" with a big screen TV, and free wireless internet.
